Chapter 7: Jack the Ripper | University of Bristol

During the 19th century, London grew enormously to become a global city of immense importance. It was the largest city in the world from about 1825, the world's largest port, and the heart of international finance and trade. Railways connecting London to the rest of Britain, as well as the London Underground, were built, as were roads, a modern sewer system and many famous sites.

19th-century London - Wikipedia

City of Dreadful Delight (1992) maps out a dense cultural grid through which compelling

representations of sexual danger, including W.T. Stead's expose of child prostitution and the tabloid reporting of Jack the Ripper, circulated in late-Victorian London.
