Mortal Engines - Wikipedia

Mortal Engines launched Philip Reeve's brilliantly-imagined creation, the world of the Traction Era, where mobile cities fight for survival in a post-apocalyptic future. The first instalment introduces young apprentice Tom Natsworthy and the murderous Hester Shaw, flung from the fast-moving city of London into heart-stopping adventures in the wastelands of the Great Hunting Ground.

I really knew nothing about Philip Reeve's seven-book (and counting) young adult "Mortal Engines" series up to recently, but got

convinced to pick it up through an article at the blog for science-fiction publisher Tor, because the premise sounded so insane: first humanity blows itself up with nuclear weapons, which then kicks off a chain of natural disasters like new volcanos, which then leads humanity to build motorized wheel platforms for all their cities so they can be packed up and moved at

The electrifying first novel in Philip Reeve's electrifying series, *Mortal Engines* is a modern steam-punk masterpiece, blending science fiction, adventure and wonderful strangeness. Built on the genius central conceit of motorised, airborne cities pursuing each other across a post-apocalyptic wasteland, this is a dazzling work of imagination and storytelling.
