Simply put, the children of narcissist—offspring of parents whose interest always towered above the most basic needs of their sons and daughters—share a common belief: They believe they do not have the right to exist. The difficulties experienced by adult children of narcissists can manifest themselves in many ways: for examples, physical self-loathing that takes form of overeating, anorexia, or bulimia; a self-destructive streak that causes poor job performance and rocky personal relationships; or a struggle with the self that is perpetuated in the adult's interaction with his or her own children. These dilemmas are both common and correctable, Dr. Golomb tells us. With an empathic blend of scholarship and case studies, along with her own personal narrative of her fight for self, Dr. Golomb plumbs the depths of this problem, revealing its mysterious hold on the affairs of otherwise bright, aware, motivated, and worthy people. The Mirror in the Mirror

A Labyrinth *hockebooks*

"The Mirror in the Mirror" - Michael Ende's book is a fantastic story labyrinth of a very special kind. For the author himself, this work was of great importance: in interviews, he liked to call it his "never-ending story for adult readers." The reader is taken into a mysterious narrative world, full of bizarre situations and mysterious fates, surreal images and philosophical thoughts. Those who open themselves in amazement to these enigmatic visions and allow themselves to be drawn into the fantastic stories will emerge from Michael Ende's magic labyrinth with a new perspective. The core question is: What is reflected in a mirror that is reflected in a mirror? If two readers read the same book, they are still not reading the same thing. For both people immerse themselves into the reading. The book becomes a mirror in which the reader is reflected. But in the same way, the reader is also a mirror in which the book is reflected: The mirror in the mirror refers the reader back to himself. The FAZ writes that Michael Ende shows with the book "how much darkness, wildness and rawness is inherent in dreams. He does not trivialize. His dreams make reference to reality because in dreams, Cicero wrote, 'the remnants of those objects roll and tumble about in the souls which we have thought and impelled while awake'."

Falling under the de Greys' spell, Alice believes the family will heal her own past sorrows. But then the twins' adoration becomes deceitful and taunting. The Mirror and the Palette *Simon and Schuster*

A dazzlingly original and ambitious book on the history of female

self-portraiture by one of today's most well-respected art critics. Her story weaves in and out of time and place. She's Frida Kahlo, Loïs Mailou Jones and Amrita Sher-Gil en route to Mexico City, Paris or Bombay. She's Suzanne Valadon and Gwen John, craving city lights, the sea and solitude; she's Artemisia Gentileschi striding through the streets of Naples and Paula Modersohn-Becker in Worpswede. She's haunting museums in her paint-stained dress, scrutinising how El Greco or Titian or Van Dyck or Cézanne solved the problems that she too is facing. She's railing against her corsets, her chaperones, her husband and her brothers; she's hammering on doors, dreaming in her bedroom, working day and night in her studio. Despite the immense hurdles that have been placed in her way, she sits at her easel, picks up a mirror and paints a self-portrait because, as a subject, she is always available. Until the twentieth century, art history was, in the main, written by white men who tended to write about other white men. The idea that women in the West have always made art was rarely cited as a possibility. Yet they have - and, of course, continue to do so - often against tremendous odds, from laws and religion to the pressures of family and public disapproval. In *The Mirror and the Palette*, Jennifer Higgie introduces us to a cross-section of women artists who embody the fact that there is more than one way to understand our planet, more than one way to live in it and more than one way to make art about it. Spanning 500 years, biography and cultural history intertwine in a narrative packed with tales of rebellion, adventure, revolution, travel and tragedy enacted by women who turned their back on convention and lived lives of great resilience, creativity and bravery.

Ciela decides to help him, which means hiding the truth about that night. Because Ciela knows who assaulted her, and him. And she knows that her survival, and his, depend on no one finding out what really happened.

A Distant Mirror

The Calamitous 14th Century *Random House*

A "marvelous history"* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years' War, by the Pulitzer Prize-winning author of *The Guns of August* *Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and "furious follies," a "terrible worm in an iron cocoon." Praise for *A Distant Mirror* "Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better."—*The New York Review of Books* "A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer."—*The Wall Street Journal* "Wise, witty, and wonderful . . . a great book, in a great historical tradition."—*Commentary* NOTE: This edition does not include color images.

Faraway

A Novel *Columbia University Press*

In Taiwanese writer Lo Yi-Chin's *Faraway*, a fictionalized version of the author finds himself stranded in mainland China

attempting to bring his comatose father home. Lo's father had fled decades ago, abandoning his first family to start a new life in Taiwan. After travel between the two countries becomes politically possible, he returns to visit the son he left behind, only to suffer a stroke. The middle-aged protagonist ventures to China, where he embarks on a protracted struggle with the byzantine hospital regulations while dealing with relatives he barely knows. Meanwhile, back in Taiwan, his wife is about to give birth to their second child. Isolated in a foreign country, Lo mulls over his life, dwelling on his difficult relationship with his father and how becoming a father himself has changed him. *Faraway* is a powerful meditation on the nature of family and the many ways blood can both unite and divide us. Lo's depiction of family dynamics and fraught politics contains a keen sense of irony and sensitivity to everyday absurdity. He offers a deft portrayal of the rift between China and Taiwan through an intimate view of a father-son relationship that bridges this divide. One of the most celebrated writers in Taiwan, Lo has been greatly influential throughout the Chinese-speaking world, but his work has not previously been translated into English. Jeremy Tiang's translation captures Lo's distinctive voice, mordant wit, and nuanced portrayal of Taiwanese culture.

Lake Like a Mirror

Winner of a PEN Translates award By an author described by critics as "the most accomplished Malaysian writer, full stop," Lake Like a Mirror is a scintillating exploration of the lives of women buffeted by powers beyond their control. Squeezing themselves between the gaps of rabid urbanization, patriarchal structures and a theocratic government, these women find their lives twisted in disturbing ways. In precise and disquieting prose, Ho Sok Fong draws her readers into a richly atmospheric world of naked sleepwalkers in a rehabilitation center for wayward Muslims, mysterious wooden boxes, gossip in unlicensed hairdressers, hotels with amnesiac guests, and poetry classes with accidentally charged politics--a world that is peopled with the ghosts of unsaid words, unmanaged desires and uncertain statuses, surreal and utterly true.

The Mirror *Open Road Media*

In this twisting time-travel thriller, a woman faints on the eve of

her wedding—and awakens at the turn of the century in her grandmother’s body . . . The night before she is supposed to get married, Shay Garrett has no idea that a glimpse into her grandmother’s antique Chinese mirror will completely transform her seemingly ordinary life. But after a bizarre blackout, she wakes up to find herself in the same house—but in the year 1900. Even stranger, she realizes she is now living in the body of her grandmother, Brandy McCabe, as a young woman. Meanwhile, Brandy, having looked into the same mirror, awakens in Shay’s body in the present day—and discovers herself pregnant. As Rachael—the woman who links these two generations, mother to one and daughter to another—weaves back and forth between two time periods, this imaginative thriller explores questions of family, identity, and love. Courageous, compassionate Shay finds herself fighting against the confines of a society still decades away from women’s liberation, while Brandy struggles to adapt to the modern world she has suddenly been thrust into. The truth behind this inexplicable turn of events is more complex than either woman can imagine—and *The Mirror* is a tribute to the triumph of the female spirit, even in the face of seemingly insurmountable obstacles. “What happens will surprise you. In the meantime, settle down for a good read.” —The Denver Post

The Body Keeps the Score

Brain, Mind, and Body in the Healing of Trauma *Penguin*

#1 New York Times bestseller “Essential reading for anyone interested in understanding and treating traumatic stress and the scope of its impact on society.” —Alexander McFarlane, Director of the Centre for Traumatic Stress Studies A pioneering researcher transforms our understanding of trauma and offers a bold new paradigm for healing in this New York Times bestseller

Trauma is a fact of life. Veterans and their families deal with the painful aftermath of combat; one in five Americans has been molested; one in four grew up with alcoholics; one in three couples have engaged in physical violence. Dr. Bessel van der Kolk, one of the world’s foremost experts on trauma, has spent over three decades working with survivors. In *The Body Keeps the Score*, he uses recent scientific advances to show how trauma literally reshapes both body and brain, compromising sufferers’ capacities for pleasure, engagement, self-control, and trust. He explores innovative treatments—from neurofeedback and meditation to sports, drama, and yoga—that offer new paths to recovery by activating the brain’s natural neuroplasticity. Based on Dr. van der Kolk’s own research and that of other leading specialists, *The Body Keeps the Score* exposes the tremendous power of our relationships both to hurt and to heal—and offers new hope for reclaiming lives.

The 48 Laws of Power *Penguin*

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
