Don't Look Back *Bantam*

In this most entrancing tale of mystery and romance by the New York Times bestselling author AMANDA QUICK, lovers and partners-in-crime investigators Lavinia Lake and Tobias March continue their exciting newfound relationship, with its delicious mix of risky business, rising passion, and now--murder. As if a head for business and a nose for trouble aren't enough to distinguish fiercely independent Lavinia Lake from the

other women of London's fashionable Claremont Lane, there is one more feature to set her apart. Lavinia is also well versed in the practice of mesmerism, an extraordinary gift that far surpasses mere charm and physical appeal. Nobody knows this better than the usually coolheaded Tobias March, who seems to have fallen hopelessly under her spell. Fortunately for all, however, Lavinia uses her powers for good. And ever since a tragedy involving one of her subjects, she has even retired them in favor of her work with Lake and March, a joint venture providing "discreet private inquiries for individuals of quality." Celeste Hudson, the stunningly beautiful young wife of a family friend and fellow mesmerist, would surely count herself among such individuals--were she still alive, that is. While mythology's Medusa could turn men to stone, lovely Celeste was more accustomed to turning them to jelly. In fact, unbeknownst to her husband, Howard, the ambitious Celeste was planning to use her talents to forge a new future in Society--one that would not include him. Sadly, her plans were cut short when she was murdered. Only a gentleman's cravat wound around her lovely neck remained for evidence--small compensation for the strange and priceless bracelet that may have been snatched from her wrist as she drew her last breath. As a

result, Lake and March are soon in Howard Hudson's employ on the trail of the killer. But Tobias is convinced the dashing widower is more interested in tracking down the missing relic. If so, Howard is not alone. Any number of ruthless types are after the very same antiquity, whose centerpiece is an unusual blue cameo of inestimable value and supposed legendary powers--powers of immeasurable worth to anyone in Howard's line of work. Together, Lake and March undertake a tantalizing investigation that leads them from the glittering ballrooms of the ton to London's seediest taverns to a mesmerist whose therapies include treating ladies

Look Back in Anger
Faber & Faber
 In 1956 John Osborne's

Look Back in Anger changed the course of English theatre. 'Look Back in Anger presents post-war youth as it really is. To have done this at all would be a significant achievement; to have done it in a first play is a minor miracle. All the qualities are there, qualities one had despaired of ever seeing on stage - the drift towards anarchy, the instinctive leftishness, the automatic rejection of "official" attitudes, the surrealist sense of humour . . . the casual promiscuity, the sense of lacking a crusade worth fighting for and, underlying all these, the determination that no one who dies shall go unmourned.' Kenneth Tynan, *Observer*, 13 May 1956
 'Look Back in Anger . . .

has its inarguable importance as the beginning of a revolution in the British theatre, and as the central and most immediately influential expression of the mood of its time, the mood of the "angry young man".' John Russell Taylor

Don't Look Back

A Haunting Mystery Perfect for the Long, Dark Nights

Adam's eyes swelled in horror at the sight that confronted him. Henry was standing with his back against the front door, pale and rigid, his left hand pressed to his neck. Blood was seeping between his fingers, running down his wrist and dripping

from his elbow onto the back of Jacob's head. Jacob was facedown on the tiled floor, arms outstretched to either side with blood pooling around his wrists. There was a faintly metallic butcher's shop smell in the air... After the tragic death of their eleven-year-old son, Adam and Ella are fighting to keep their family from falling apart. Then comes an opportunity that seems too good to be true. They win a competition to live for free in a breathtakingly beautiful mansion on the Cornish Lizard Peninsula. There's just one catch - the house is supposedly haunted. Mystery has always swirled around Fenton House. In 1920 the house's original owner, reclusive industrialist

Walter Lewarne, hanged himself from its highest turret. In 1996, the then inhabitants, George Trehearne, his wife Sofia and their young daughter Heloise disappeared without a trace. Neither mystery was ever solved. Adam is not the type to believe in ghosts. As far as he's concerned, ghosts are simply memories. Everywhere he looks in their cramped London home he sees his dead son. Despite misgivings, the chance to start afresh is too tempting to pass up. Adam, Ella and their surviving son Henry move into Fenton House. At first, the change of scenery gives them all a new lease of life. But as the house starts to reveal its secrets, they come to suspect that they

may not be alone after all... What readers are saying about Ben Cheetham's books 'I love love loved this book! Had me gripped right from the start and just had to keep reading it!' The Beatles' Records and the Sixties

Random House

"A real scientist writing science-fiction with

real science - what more could one ask? John Gribbin is a visionary, and one heck of a good storyteller." Robert J. Sawyer Hugo Award-winning author of QUANTUM NIGHT John Gribbin, widely regarded as one of the best science writers of the 20th century, has also, unsurprisingly, been writing science fiction for many years. While his novels are well-known, his short stories are perhaps less so. He has also written under pseudonyms. Here, for the first time, is the definitive collection of John's short stories. Many were originally published in Analog and other magazines. Some were the seeds of subsequent novels. As well as 23 Science Fiction short stories,

three of which John wrote with his son Ben, this collection includes two Science fact essays on subjects beloved of science fiction authors and readers. In one essay, John provides scientifically accurate DIY instructions for creating a time machine; and in the other, he argues that the Moon is, in fact, a Babel Fish! The stories, many written at a time when issues such as climate change were taken less seriously, now seem very relevant again in an age of dubious politicians. What underpins all of them, of course, is a grounding in solid science. But they are also laced with a dry and subtle wit, which will not come as a surprise to anyone who

has ever met John at a science fiction convention or elsewhere. He is, however, not averse to a good pun, as evidenced by a song he co-wrote for the Bonzo Dog Doo Dah Band: The Holey Cheeses of Nazareth. Despite the exhortation of this collection's title, this is a perfect opportunity to look back at John's short stories. If you've never read any of his fiction before, now you have the chance to acquaint yourself with a body of work that, while being very much of its time, is certainly not in any way out of date.

1) Don't Look Back, Agnes. Agnes Michaels is coming home. Home to her childhood town of Fairfield and the house her father lovingly built for her mother. A house surrounded by the woods where Agnes' two childhood friends and her boyfriend, Tyler, were all murdered twenty summers ago when she was just seventeen. She was the only one who escaped, but not without emotional and physical scars. Agnes knows that the woods and the evil entity that lives in it have been waiting for her all these years but she

He loves her and he'll never leave her. They'll never leave their home. But they can't stop time and they're only waiting for their lonely daughter, Jenny, to make one last visit so they can say goodbye to her and introduce her to the man they know she's meant to be with...then they can leave this earth happy.

The 343 FDNY Firefighters Killed on 9-11 and the Fight for the Truth *Post Hill Press*

The mother of a FDNY firefighter killed on 9/11 teams up with a crusading journalist to fight City Hall and uncover the truth about why over 300 firefighters perished during the World Trade Center attack. *Don't Look Back* is a thriller that takes readers into the hearts and minds

of a FDNY family who lost their son during 9/11, and set out on a mission to find out what really happened to him and the other 342 firefighters who perished needlessly. Sarah Murphy, a savvy community organizer from the Bronx, teams up with a local investigative reporter and other 9/11 families as they take on City Hall to unearth the failures at the FDNY. In this fast-paced novel by former Daily News investigative reporter, Joe Calderone, the families risk everything to expose a corruption scandal that put faulty radios in the hands of the FDNY, leading to the worst loss of life in the history of the department. This compelling story, based on true events, takes a different perspective on a worldwide event and gives voice to the 343 members of the FDNY who perished, largely unaware that the buildings were about to come down upon them. Advance Praise for Don't Look Back "A crisply written page-turner, 'Don't Look Back' is a story of tragedy, tenacity, and the continued importance of a free press. From the terror of the final moments inside the World Trade Center towers, to the incompetence that doomed hundreds of city firefighters, to the principled mutiny inside a major newspaper to get that story out, the story never lets up. Calderone writes with moving affection and respect for the blue-collar men and women

who do the hard work in our democracy, who fight to preserve it, and who sometimes pay for that struggle with their lives.” —Mark Bowden, author, *Black Hawk Down* “Joe Calderone, one of the city’s great reporters, uses those skills in a brilliantly suspenseful novel about 9/11, the city’s worst tragedy, and the first responders who lost their lives that day and their families’ search for the truth.” —Nick Pileggi, author *Wiseguy* and its screenplay, *Goodfellas* “Joe Calderone is a former NY Daily News investigative reporter who knows his stuff when it comes to the FDNY and he has crafted a novel that helps shine a light on the incredible challenges and sacrifices firefighters

made on 9/11, including the 343 members of the FDNY we lost that day under the most tragic of circumstances. There were communication failures on 9/11 that no doubt contributed to the loss of life and this novel will help remind us to not repeat those mistakes ever again. Calderone has done the FDNY a service.” —Michael Regan, former First Deputy Commissioner, FDNY “This is a novel about the most painful day in New York City history and its aftermath, as reporters and investigators struggled to uncover the official blunders of Rudy Giuliani’s City Hall that made a tragic day worse. Joe Calderone uses all his tools as one of New York’s best investigative reporters,

as well as a panoramic knowledge of the city, to offer a vivid tale of people in search of a difficult truth." —Tom Robbins, Pulitzer Prize finalist and Investigative Journalist In Residence at the Craig Newmark Graduate School of Journalism at CUNY

Don't Look Back in Anger

The Manchester City Fan's Story

From being the butt of jokes to domestic treble winners, Manchester City fans have endured more ups and downs than most football supporters over the past 30 years as they journeyed down the divisions before bouncing back in spectacular style under a new owner with unlimited wealth. Yet throughout this long rollercoaster journey City fans stayed loyal to their club -- averaging over 25,000 most seasons when other large clubs have seen attendances slump well below that in bleak times. Don Price follows up his naval memoirs and last year's 'We Never Win at Home...' with a final collection of memories from his travels with City alongside fanzine

editors Dave Wallace, Phill Gatenby and Sean Riley, a City fan who has missed just one game in 35 years and that through no fault of his own! What emerges is a support still in disbelief that after years of their team being the punchline for jokes by their neighbours and rivals they now hold the upper hand and rule the roost in English football.
