The two terms impact and effect do not mean the same, even though they have similar meanings and can be used in similar situations. The main difference between impact and effect is that impact is the influence of an action/phenomenon on something or someone whereas effect is the consequence or outcome of an action or a phenomenon.

Difference Between Impact and Effect - Pediaa.Com

Key Difference – Impact vs Implication. Many people confuse the two words impact and implication when they are talking about the influences, consequences, and effects of something. Impact refers to a major influence or impact whereas implication refers to consequences that are likely to happen. The key difference between impact and implication is that, implications are not obvious or clear whereas impact is always direct and obvious.

The impacts of tourism include the effects of tourism on the environment and on destination communities, and its economic contributions. It has been part off the tourism discourse since the 1970s, with attention growing in recent years due to debates on overtourism. Impacts are not easily categorized, having direct and indirect components. Tourism is also often seasonal, and impacts only become apparent over time, with varying effects, and at different stages of development. Tourism impacts fall
