Environmental Security in the Arctic Ocean (NATO Science ...

The Arctic has even been included in Chinese President Xi Jinping's Belt and Road Initiative, an ambitious development campaign to boost trade across Asia and beyond. 3 Traditional nonsecurity issues, such as sea trade and research, which function as a platform for cooperation in the region, therefore begin to look more like security issues in an age of strategic competition, casting further ...

Military and Environmental Challenges in the Arctic - New ...

It outlines the environmental changes transforming the Arctic, and theorises the Arctic as a regional environmental security complex in which conditions of security for state and non-state referent objects are predicated on a particular ecological context. It then surveys state- and human security issues in the Arctic, and argues that environmental change has destabilised the ecological base on which the contemporary Arctic as a cooperative region supportive of human activity has been built.

Securing sustainability: the case for critical ...

This is the first comprehensive exploration of why

human security is relevant to the Arctic and what achieving it can mean, covering the areas of health of the environment, identity of peoples, supply of traditional foods, community health, economic opportunities, and political stability. The traditional definition of security has already been actively employed in the Arctic region for decades, particularly in relation to natural resource sovereignty issues, but how and why should the human ...

Environmental Security in the Arctic Ocean: O: Berkman ...

'Security' in the Arctic has traditionally been discussed within non-military frameworks. The most pressing issue has been the region's susceptibility to climate change, including the erosion of polar ice and altered weather conditions,

with the associated impact on local-level socio-economic affairs and indigenous persons.

The changing shape of Arctic security - NATO Review

This seminal book results from a NATO Advanced Research Workshop at the University of Cambridge with Russian co-directorship, enabling the first formal dialogue between NATO and Russia about security issues in the Arctic Ocean. Involving interdisciplinary participation with experts from 17 nations,...
